Re: Coca Cola Bottling Company  
3300 S. Creyts Road, Lansing, Michigan  
2304NO3W27DD

Dear Chris:

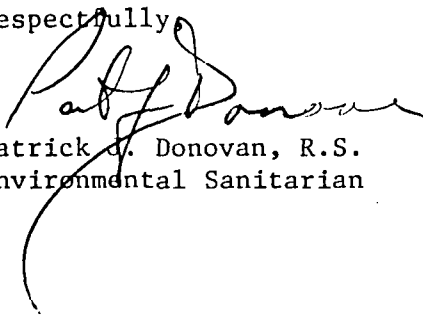

We are unable to locate any documentation of a file concerning the Coca Cola Bottling Company on Creyts Road. We know a gasoline spill from an underground storage tank leak took place there prior sometime to 1982. This site is listed in the Assessment of Groundwater Contamination Inventory of Sites of July, 1982, by MDNR. It is marked with an NFAA (NO Further Action Anticipated) remark.

At this time this is all the information we are able to provide you.

Enclosed is the information you desired concerning the Matthews Road airstrip aviation fuel leak, and the Vermontville Landfill.

Please call if you desire further assistance.

Respectfully,

  
Patrick J. Donovan, R.S.  
Environmental Sanitarian
